

Have your say in this area's future development

Main Issues Report - Options for Scotland's SusTAYnable Region 2012 - 2032 Now you're invited to have your say.

The **MAIN ISSUES REPORT** is the first and main stage of producing the new Strategic Development Plan for the area covering Dundee City, Angus, North Fife and Perth & Kinross.

The **MAIN ISSUES REPORT** considers the big changes that will shape the next 20 years of our lives. It presents options including the preferred scale of growth and where development should be. This is the key stage for you to get involved in planning where strategic development should be within this area.

We will be holding **PUBLIC INFORMATION EVENTS** across the TAYplan area to explain the Report and to assist you in making your views known.

The consultation begins on 12th April 2010 and runs until 2nd July 2010.

PUBLIC INFORMATION EVENTS will be held from early May to mid June - see details below.
